Reference: Acceptance of License Application

Dear Ms. Anderegg:

Your license application for this project has been accepted by the Commission for filing as of November 23, 2021, but is not ready for environmental analysis at this time. A public notice for this project will be issued shortly soliciting interventions and protests on the application. Federal and state resource agencies, Indian Tribes, and interested non-governmental organizations and individuals affected by this project, are informed by the Commission's public notice that a copy of the complete application may be obtained directly from you. After receiving any additional information that we may require, the Commission will issue another public notice informing that the application is ready for environmental analysis and soliciting comments, recommendations, terms and conditions, or prescriptions on the application, and your reply comments.

Please contact Sarah Salazar at (202) 502-6863, or via email at sarah.salazar@ferc.gov, if you have any questions.

Sincerely,

Stephen Bowler, Chief
South Branch
Division of Hydropower Licensing
